IT'S A wild WILD LIFE!

A MAGICAL GROUP EXPERIENCE

Come into our magical world with heaps of sharks, rays, eels and fish to pat, play with and feed.

Your group can even jump in the water with these amazing animals — it's less than 40cm deep, and they just need swimmers.

During your group visit, we will bring many snakes and lizards in for a perfectly safe and educational experience. Check out all our options to give your group an even better experience.

All in one weatherproof location.

Our fantastic and beautiful Macaws, Rio, Tango and Elvis, will be introduced to everyone in the group. They were rescued and were certain not to have survived; however, our exceptional bird volunteers worked around the clock to not only save these awesome boys but made the friendliest and cutest macaws ever.
